INTERNSHIP

Reactjs Trainee

APP Innovation Technologies | Jan -Apr 2024

Contributed to frontend and backend development for the PowerConnect AI project during my internship at App Innovation Technologies, gaining hands-on experience and enhancing my development skills. Express.js, REST APIs

CERTIFICATION

- Mern Stack Development
- Java FullStack Development

PROJECTS

Project 1:Task Management Web App

A responsive web application to create, update, and manage daily tasks with due dates and status tracking. Includes features like task filters and user-friendly UI using React.js.

Project 2: E-Commerce Website for Oil Store

Built a full-stack e-commerce website for an oil store with product listing, filters, cart, and responsive design using React.js, Node.js, Express.js and MongoDB.

Project 3: Voice ToDo List Website

Created a voice-enabled to-do list using HTML, CSS, and JavaScript with Web Speech API for hands-free task control. Added reminders and local storage for a smooth user experience.
